NATIONAL AWARD WINNER - 2008

TO WHOM IT MAY CONCERN

The Atlas Copco (India) Ltd make Air Compressor Model:GA18VSD+ supplied, installed/commissioned and maintained by M/s TRADETECH, 18, Sir R.N. Mukherjee Road, Kolkata-700 001 , has been running in our factory satisfactorily in all respects with the following features worth mentioning:

1. The saving in power is distinctly higher than ordinary air compressors due to the VSD provision, particularly when the compressed air load demanded from the compressor is variable.
2. During both warranty and AMC periods the services obtained from TRADETECH have been prompt along with ready supply of spares. Further their service personnel are always available to provide solutions over phone also so that the downtime is minimum.
3. The "AIRNET" aluminium compressed air pipeline and fittings supplied and installed by them are providing clean air and are meant for longer life .
4. Any query raised is readily provided or addressed.

We wish them success.
